**ISO THEY TELL ME.....**

They told me.... to wear warm clothing and be prepared for cold and snowy weather during the winter months. The temperature can be quite unpredictable, so it's important to dress appropriately and be ready for whatever the weather will bring. This is especially important for outdoor activities and driving in snowy conditions.

**CHEVY II by Chevrolet**

You don't need a big car to get big performance. Not any more. And that's why we call it the '64 Chevy II. There are two new higher performance optional-at-extra-cost engine choices: the 195-hp Turbo-Fire V8. The other is a new chrome-trimmed 196-hp Turbo-Thrift Six. If you've got a mountain to climb or a truck to pass, these are the engines that can leave other one safely behind you. In fact, this new Chevy II packs a superiority everywhere you look.
