DEATHS

Mrs. Anna Fonger, 48, died Friday night, February 21, at her farm home in Tyrone township northeast of Kent City where she had lived twenty years. She was born April 28, 1887 at Montague and had resided in Grand Rapids many years.

Surviving are the husband, Bert; a daughter, Hilma, at home, and three brothers, George, Will and Fred Barr. Funeral services were held at 1:30 Monday at the home and at 2:30 at Kent City Baptist church, with burial in Idlewild cemetery, the Rev. Earl E. Shreve officiating.

Mrs. Anna Boberg Carlsson, 81, passed away Saturday, Feb. 22 at her farm home northeast of Sparta, where she had resided for the past fifty years. She was born in Sweden August 4, 1854 and came to Michigan in 1879, settling at Libson, in Wright township where she was married to Charles C. Carlsson in May, 1881.

She was a member of the Mamelund Lutheran church for many years. Surviving are her husband, Charles G., three daughters, Mrs. Agnes Crowley and Josephine Carlsson of Sparta, Hilda Carlsson of Ann Arbor; two sons, Herbert of Sparta and Walter of Rockford, and one brother, Alfred Boberg of Kent City; six grandchildren, Barbara and Maxine Atherton, Floyd and Charles H. Carlsson of Sparta, and Phyllis and Richard Carlsson of Rockford. Three children preceded her in death, Arthur, Reuben and Myrtle Carlsson Atherton. Surviving also are many other relatives and friends.

Funeral services were held Tuesday, February 25 with prayer services at the home at 11 a. m., the Rev. P. Martinson officiating, after which the body was taken to the Bettles Funeral Chapel for services at 8 o'clock, with the Rev. Dr. George Fahlund of Grand Rapids officiating. Interment was in the Sparta Greenwood Cemetery.

Mrs. Jennie English, 79, resident of Englishville for many years, passed away Tuesday at the home of her daughter, Mrs. Arthur Babcock of Englishville.

Surviving also are three other daughters, Mrs. George Roup of Pittsburgh, Mrs. James Anderson and Mrs. Will Anderson of Sparta. Funeral services will be held Friday afternoon at 8 o'clock at the residence and at 2:30 o'clock at the Englishville Baptist Church.

Mrs. Calvin I. Billings, 79, died Thursday, February 26, after several weeks' illness. She was born Adeline Stengel, August 25, 1857, in Newaygo County. She moved with her parents to Big Rapids in 1872 and was united in marriage to Edwin A. Stone in 1880. To this union were born four children all but one dying in infancy in 1888. They were taken within eleven days with diphtheria, leaving the youngest Ethel. Soon after the death of the three children the father went west where he died.

In 1910 Mrs. Stone came to Kent City where she lived for three years. She was married to Calvin I. Billings in the year 1903 going to the farm to live and finally moving to Sparta in 1906 where they lived until his death in October 1923, since which time she had made her home in Kent City.

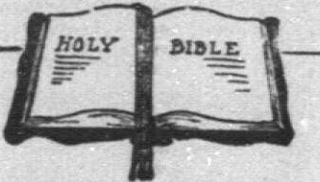

She leaves to mourn one daughter Mrs. Ethel Johnson; five grandchildren and six great grandchildren; one sister Mrs. C. L. Wright of Cadillac; one brother L. F. Stengel of Grand Rapids and a host of friends.

The body lay in state at the Rossell Funeral Home until Sunday afternoon services were held at the Kent City Baptist church, the Rev. E. E. Shreve officiating. Interment was in Big Rapids.

CHRISTIAN SCIENCE CHURCHES "Christ Jesus" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, March 1.

Among the Bible citations in this passage (Luke 1:32): "He shall be

great, and shall be called the Son of the Highest; and the Lord God shall give unto him the throne of his father, David."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 332): "Jesus was the son of a virgin. He was appointed to speak God's word and to appear to mortals in such a form of humanity as they could understand as well as perceive."

CHESTER HEIGHTS

The Consumers Power Company has delivered poles along the proposed line on Friday. The crew is busy digging holes since Monday of this week. This is a pleasant surprise to so many, who still believed that it would be months before construction would begin. As soon as the fast disappearing snow has left a rush order will be placed for the completion of the line.

Little Walter Beuschel, son of Mr. and Mrs. Martin Beuschel, had the experience of his life last Wednesday. Walter went shopping with his mother to Grand Rapids. While mother was busy selecting some material from the counter, Walter unbeknownst to himself resolved to see a little of the world for himself. Hardly a moment had elapsed when the mother discovered that her son had vanished into nothing. A thorough search of the Grant's store and neighboring stores revealed no clues of the missing boy. No one had seen him, though she knew of him. The search continued by the mother. When she inquired of the clerk at the counter where she had last been, a customer standing near by overheard the conversation. She promptly informed the mother, that she had just come from the Grant's store, and that a lost boy was in the office of the fourth floor. Walter was a happy boy when his mother appeared in the office seeking him. He does not remember how he left one store, crossed busy Monroe Avenue and arrived at the Sears building. His mother had not seen in that building. He seemed to recall that one of Sears' clerks took charge of him and delivered him to the office. Even at that, Walter is ready to go shopping the next time mother goes.

Although the snow is melting very fast, we have not been able to open the school, which means that 68 pupils have to wait some more till they can return for instruction. The Ottawa Road Commission have been offered two to three score of men which would gladly assist the plow to open from the Reister School to the Lutheran School, but the offer was ignored. We hope that the weatherman will continue to send warm weather so that we can get along without their service.

BALLARD NEWS

Mrs. Arch Hinebeck and Mrs. Joseph Schweitzer were hostesses to the Mothers' Club Friday, February 21 in the home of Mrs. Hinebeck. A very interesting talk was given by Miss Medic Bacon, principal of the orthopedic school in Grand Rapids. She is associated with Dr. John Hodgen and other prominent orthopedic surgeons and opened the first school for crippled children in Grand Rapids. Few people know the wonderful work that is being done for the crippled child both in a physical and educational way with financial aid from the state. After the business meeting a very lovely luncheon was served by the hostesses.

Mrs. Walter Ebers and Margaret spent last week in Grand Rapids with Mr. and Mrs. J. W. Higgins.

In answer to the urgent call from the conservation department to feed the birds and wild game, several people in this vicinity have been traveling children in Grand Rapids. Few people know the wonderful work that is being done for the crippled child both in a physical and educational way with financial aid from the state. After the business meeting a very lovely luncheon was served by the hostesses.

Mrs. John Alberts of Grand Rapids is with her sister Clarz Schindler because of the critical illness of their brother Ed Schindler.

Damage to Michigan orchards by rabbits and mice has been reported to V. R. Gardner, professor of horticulture and director of the Agricultural Experiment Station at Michigan State College, East Lansing.

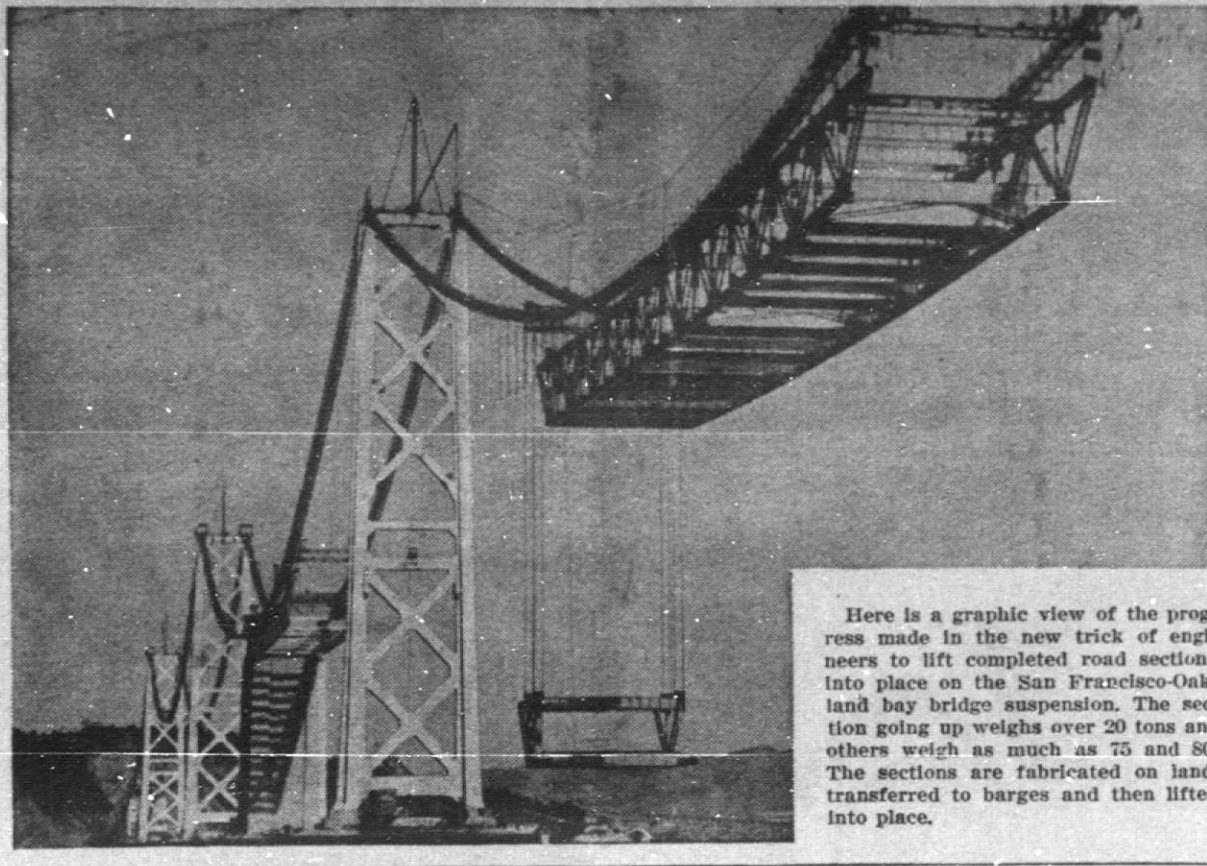

Deep snow is responsible for increased destruction by rabbits since they nibbled away on branches of young trees. Mice were able to dig under the snow and destroy the trunk bark. Farmers who used repellent recommended last fall by the college report no damage. Orchards in which damage is found should be surveyed to determine how much bridge grafting will be necessary.

Raising Road Sections to San Francisco Bridge

Here is a graphic view of the progress made in the new trick of engineers to lift completed road sections into place on the San Francisco-Oakland bay bridge suspension. The section going up weighs over 20 tons and others weigh as much as 75 and 80. The sections are fabricated on land, transferred to barges and then lifted into place.

PRESIDENT OF CHEVROLET ADVERTISING AGENCY APPRECIATES NEWSPAPER COOPERATION

Detroit.
Editor, The Sentinel-Leader:
Campbell-Ewald Company celebrated its twenty-fifth birthday on Saturday, February 7, and I want to take this opportunity personally to express my appreciation of the fine spirit of cooperation that always has marked our relations with your paper, and that has helped to no small degree in the successful development of our business.

We are, as you well know, firm believers in newspaper advertising. Other media are important, but the newspaper is the final vital link between the producer and the consumer that must be, in the very nature of things, an essential part of any well balanced advertising program.

It has been a great source of gratification to me all through my business experience to note the friendliness and courtesy that we have received invariably from publishers in the newspaper field, and it is because of this that I am impelled to write to you this expression of appreciation now that we have been doing business together for a quarter of a century or so.

You will be interested to know that our business for last year was the best we have had since 1931, and that I have every confidence of still sounder and better conditions in the coming year.

H. T. Ewald, President.

MANOR. It is now a museum, but the yard is very large and the trees are many and in summer they say it is very lovely. The St. Lawrence River is frozen from shore to shore and they are driving across the river. Two cars went to the bottom of the river recently. It is about 50 miles from here.

An airplane from Syracuse loaded with mail and headed for the city of Watervort dropped to earth in a swamp two miles south of here in the storm last week. Two men were in it and both were knocked unconscious and lay there for some time. Then they came to and crawled to the house where they received aid. The plane was wrecked.

This is a lovely day. Little boys were playing marbles on the street of Bellville one day lately, a sign of spring. I am well and enjoying myself with my many friends.

Mrs. H. D. Smith.

BASKETBALL TOURNAMENT CHATTER

In the Grant District Basketball Tournament there will be only four teams entered in Class D at Kent City and St. Joseph will not compete and seven teams entered in Class C.

Coral has the outstanding team in Class D. White Cloud is progressing; Sand Lake has a young team, and not much is known of Fruitport.

North Muskegon has advanced to Class C this year and are out to take the Grant Tournament. However Grant is a co-leader in the Newwayo County League.

Sparta won the Tournament last year but has graduated several of its best players. However, they have been playing better than 500 per cent ball with seven wins and four defeats.

Newwayo has a young team and is in second place in their league. St. Mary's of Muskegon has an outstanding player in Mongeau, who is a very clever shot. Ravenna and Howard City are capable of putting up real battles.

MRS. SMITH DESCRIBES EXCITING DAY OF EASTERN SNOW STORM

Woodville, New York.
Editor Sentinel-Leader:
As my letters come from home I see that they are snowbound as well as we are in New York. For this is certainly a hard winter and exciting some days. I stayed three weeks with a cousin in Ellsburg who is overseer of an 800-acre dairy farm and had three tons of milk on hand at one time and had to take two teams and all his men and shovels and start for the station with his milk as it was impossible for milk trucks to plow through.

There was a small fire in the community one night and two snowplows came from the town to open the road for the fire-engine but they were stalled in the big snow banks themselves and stood there all night. Men plowed through alone to the fire and extinguished it. In the morning the big caterpillar came and there were three plows and four cars and men and shovels all in front of our home.

Schools have been closed and 175 rural school children had to stay all night at the Centralized school in Bellville. They were fed in the school building, but the citizens had to sleep them. No buses got through.

I visited in Brownville a short time, a town of 900 and visited a large paper mill. While there I saw the paper in the pulp and saw it go through all the coloring processes and saw it rolled, washed, cut in big sheets ready to sell. I visited an old stone mansion, the home of Gen. Jacob Brown of the war of 1812, 124 years old. Brownville was named after this general and his home was very imposing. Two large stone chimneys on each side of the 3-story

Only One Low Priced Car is FIRST in Everything That Counts ... TERRAPLANE

— JUST COMPARE —

THIS with THIS

- Terraplane alone among all popular low priced cars gives you this:
 - Full 115-inch wheelbase.
 - 195 inches over-all length.
 - Most power—88 or 100 horsepower— with freedom from vibration at all speeds.
 - Body all of steel, with seamless roof of solid steel.
 - Most inside room—145 cubic feet— more leg and shoulder room, and widest rear seat.
 - Completely new style—best insurance of the investment value of your car.
 - The only rear opening baggage and tire compartment on 5 and 6-passenger models that can be had in any low priced car without extra cost. Spare tire lies flat inside.
 - Duo-Automatic Hydraulic Brakes (patent applied for), two braking systems operating automatically from one brake pedal. And a third braking system from the easiest operating parking brake in the world.
 - Extra deep "V-type" windshield—for added beauty and wider vision.
- In every other popular low priced car this is what you get:
 - 2 to 6 inches less wheelbase.
 - 5 to 12 1/2 inches less over-all length.
 - 3 to 18 less horsepower than Terraplane's 88—and not nearly as smooth.
 - Body only partly of steel—or steel body with "soft-top."
 - Less inside room—less shoulder and leg room—narrower rear seats.
 - 1935 styling, changed only in details. Far more likely to be out of date by 1937.
 - No rear opening baggage and tire compartment, except in cars where trunk models are available—at considerable extra cost. Spare tire mounted outside on all other models.
 - Single main braking system—either hydraulic or mechanical—without complete reserve braking system and without Terraplane's type of easy acting parking brakes.
 - Nothing like Terraplane's deep "V-type" windshield in any other low priced car.

The list of Terraplane advantages doesn't stop with those listed here. There's greater ruggedness, proved by owner mileages of 125,000, 150,000 and more. Greater economy, too, certified by thousands of owners statements ... emphasized again just the other day in the Los Angeles-Yosemite Economy Run when a Terraplane averaged 23.95 officially certified miles per gallon over a tough 352 mile stretch on mountain roads.

And dozens of other features ... all at a price down with the lowest for the model you want. Come in and see and drive a Terraplane.
