WHAT'S BEST FOR DURABLE PRESS?

Home economists agree that durable press garments look best when dried in a clothes dryer. Housewives who already have a new electric dryer and durable press garments say they were made for each other!

The secret is in the even heat, gentle tumbling action and special cycles of the new electric Dryer. Dried in the electric dryer, durable press fabrics bounce back to their original shape without wrinkles—creases are where they belong.

Why not see your electric appliance dealer today? Have him show you the automatic settings that eliminate ironing of the new durable press fabrics!
